No. 1105.

To the DAILY GAZETTEER.

December 23. 1738.

SIR,

I AM not at all surprized to find, by a Letter published in the *Daily Post* of the 5th Inst. by Mr. *Forman*; and by another Letter printed in the *General Evening Post* of the 14th Inst sign'd *W. W.* that Mr. *P——e*, and his Friends, are very sore under the Lashes which the learned M. *Crousaz* has justly given him in his late judicious Examination of the *Essays on Man*; but I wonder that Mr. *P——* should not rather chuse to defend his *Essays*, by publishing, in *plain Prose*, the real *System* upon which they are grounded, and proving it to be consistent with the *Christian Scheme*, than to attempt to raise the Mob of gentle Readers upon M. *Crousaz*, by crying out a *Frenchman!* a *Frenchman!*

THIS is what I can assure Mr. *P——*, will never pass upon the World for an Answer to M. *Crousaz*; another sort of Answer is expected from Mr. *P——e*; for it is not only to *Frenchmen* that the *Essays on Man* have given Offence, but many learned *Englishmen* have been greatly scandalized at the Notions broach'd in those Poems; Notions! only worthy of the bad Heart of that Man whom our Poet hath unhappily chosen for his *Guide* and *Philosopher*.

I am, SIR,

Your humble Servant,

Y. Z.

Since our last, arrived a Mail from France, *and another from* Flanders.

Vienna, Dec. 20. *O. S.*

TWO Days ago, present the Emperor in Council, John Joseph Philip Count d'Harrach, Knight of the Teutonic Order, Commander of Austria, his Imperial Majesty's Privy Counsellor, Velt Marshal of his Armies, Colonel of a Regiment of Foot, &c. was sworn into the Office of President of the Council of War. 'Tis said that the Velt-Marshal Count de Kevenhuller desir'd Leave to resign his Post of Vice President of the Council of War, but could not obtain it. We have Advice, that the General Count de Furstenbuch died lately in Moravia, by whose Death there is a fine Regiment of Foot vacant, which, 'tis thought, will be given to the Prince of Waldeck, who made the two last Campaigns in Hungary. The Footman of a great Lord at Court died lately, who left his Master by Will 100,000 Florins. As to General Diemar's Regiment, which is vacant by the Resignation of that General, and his Entrance into the Service of the House of Cassel, nobody knows who will have it. We hear that this General, who has been for some time past very much indisposed, is to be Commander in Chief of the King of Sweden's Forces.

Constantinople, Nov. 11. The following are the Propositions or Demands which the Persian Ambassadors have made at this Court, by Order of their Master Thamas Kouli-Kan, viz.

'That the Porte shall yield to him all that Part of 'Diarbekir, which was formerly possessed by Persia, 'together with all that District which has been 'seperated from the Upper Armenia, and join'd to 'the Territory of the Ottoman Empire; that the 'Grand Seignior shall absolutely renounce the Al'liance which he lately made with the Emperor of 'Mogul; that the Persian Caravans shall be allowed 'to come into all the Ottoman Dominions, and enjoy 'the same Privileges therein, as they have in the 'Dominions of Kouli-Kan; and that the new For'tifications which have been made at Bagdad or 'Babylon, since the Conclusion of the Provisional 'Treaty of Peace three Years ago, between the 'Porte and Persia, be demolished in Presence of 'an Inspector, appointed by Kouli Kan.'

The Grand Seignior having assembled a Divan, on purpose to consider of these Proposals, all the Members declared unanimously, that Kouli-Kan's Demands were so injurious to the Grand Seignior, that he cou'd do no less than renew the War against him, and that his Highness was able enough at the same time to carry on the War against the Christians. The Grand Vizier made a Motion, for sending the Ambassadors Prisoners to the Seven Towers, in hopes of drawing from them what Treaty their Master has made with the Czarina; but the Grand Seignior was against proceeding with such Violence, and said it would be sufficient to send the Ambassadors home with a Message to Kouli-Kan, that the Porte chose rather to renew the War with him, than to accept any of his Proposals. Since this Divan, the Standard of Mahomet has been erected in this City, which is a Ceremony, whereby the Turks are invited to list in the Grand Seignior's Army.

Stockholm, Dec. 17. *O. S.* 'Tis confidently affirm'd, that there will be a speedy Change in the Ministry, and that the Count de Horn is determined to retire altogether from the Management of Affairs. It has been resolved in the Dyet, to oblige all the Subjects of this Kingdom, not excepting the Clergy, to wear no more Stuffs for the future, but such as are the Manufacture of Sweden; by which Regulation there will be a Saving of above two Millions of Crowns, which are laid out every Year in the Importation of Cloths and Stuffs from foreign Parts.

Dresden, Dec. 23. *O. S.* The Marquis de Botta, the Emperor's Lieutenant General, who arrived here the 16th from Vienna, set out next Morning as soon as the Gates were open for Petersburg, to supply the Place of the Count d'Ostein, the Emperor's Envoy Extraordinary, who has obtained his Recall from that Court.

Madrid, Dec. 12. *O. S.* The Affairs of the South Sea Company in England, being the only Point that remained to be settled for accommodating the Difference with Great Britain, the Marquis de la Quadra had a Conference lately on that Head with Mr. Keen, the British Minister, who seem'd very well satisfy'd with what pass'd.

The Troubles excited in Barbary, by the Competition for the Throne of Morocco, seem to be approaching to their End; Muly Abdalla, who is abhorr'd throughout Africa for his Cruelties, having lost all Hopes of the Crown, is retired to Guiney. He declared, when he went off, that he was sorry he had cut off at most but 2000 Heads, since he had a View to the Crown; adding, that if he had but beheaded as many People as his Father Muly Ismael had done, he should have been a peaceable Possessor of the Throne. The two only Competitors that now Dispute for it, are Muly-Hamet-Ben-Lariba, and Muly-Hamet-Mustardi. The former has the Advantage of the latter, in being supported by the Blacks, and by being possessed of the City of Mequinez, where the Emperors of Morocco commonly reside.

Paris, Dec. 30. *O. S.* Orders are issued to send 14 Battalions, and 2 Companies of Hussars, forthwith to Bastia in Corsica; and the Marquis de Maillebois is nominated for the Command of the French Troops in that Island, in the room of the Count de Boissieux, who has desired to be recalled. Last Week a Woman in the Parish of St. James la Boucherie, was delivered of a Child that had two Tongues.

Concerning Gleets *and* Seminal Weaknesses *of all Kinds.*
ALL judicious Physicians and Surgeons allow, that nothing is more difficult to cure than Stubborn Gleets and Seminal Weaknesses, whether occasion'd by too severe purging for Venereal Injuries, violent Strains, Pollutio sui, or any other Cause whatever; and that they are dangerous in their Consequences, as well as difficult to cure, is as certain, since they exceedingly weaken the Generative Faculties, infeeble the whole Nervous System, often bring on Hectick Heats, a Tabes Dorsalis, or Consumption of the Back, or an Atrophy or Nervous Consumption, which frequently terminate in Death itself.
All then, therefore, who have the Misfortune to be troubled with Old or Stubborn Gleets, Seminal Effusions, Involuntary Emissions, excessive Nocturnal Pollutions, or any Weakness of the Kidneys, Ureters, or Bladder, the Diabetis, or Incontinency of Urine, or Difficulty of holding their Water, would doubtless be glad to meet with a certain, safe, and speedy Cure, which they most assuredly may, by taking only a small Quantity of a transcendent BALSAMICK RESTRICTIVE ELECTUARY, now published for a general Good, after having for many Years been experienc'd never once to fail perfectly curing the most Stubborn Gleets known, in a few Days, without Difficulty or Trouble; as also all other Weaknesses of the Back, Reins, Seminal Vessels, and Urinary Passages, whichit almost instantly cures, bringing to rights and restoring all those Parts and Passages to their natural Tone and pristine Vigour, in a very extraordinary Manner, and by taking a few Doses of it only.
This transcendent BALSAMICK RESTRICTIVE ELECTUARY, is neither disagreeable to take, nor occasions the least Disorder, but is a wonderful Restorative in all Weakness and Decay of Constitution of any Kind, and particularly strengthens the Back, Reins, Seminal and Urinary Vessels to an immense Degree, insomuch that in any Debility of them, one Dose of it does more than ten of any other Remedy yet found out; and all Persons fatigu'd with Gleets or Seminal Weaknesses of any Sort, or Weaknesses of the Urinary Vessels, who take it, will in three Days time find it so very effectual, that they will be most agreeably surprised at it.
When a Medicine will infallibly accomplish such a safe, speedy and perfect Cure of such difficult Maladies, as Gleets and Seminal Weaknesses are, as this Great Remedy truly and directly will, even after all other Means and Medicines have been tried in vain; too much cannot be said in it, and this, All who ever took it for any of the above-mention'd Purposes, have readily declared.
The Price is but 6 s. a Pot, altho' for its absolute Efficacy, one Pot alone being sufficient in most Cases to accomplish a Cure, worth ten times as much, and by the Author's special Appointment, is to be had only at Mr. Radford's Toy-shop, at the Rose and Crown against St. Clement's Church-Yard in the Strand, ready sealed up, with a Book of Instructions, which whomsoever carefully reads will perfectly know, when the Gleet or Weakness he is afflicted with, succeeds a Venereal Injury, whether all the Malignity of the Foul Disease is intirely eradicated or not.
Note, Ask only for a 6 s. Pot of Balsamick Electuary.
